Canon imageRUNNER C3125i

PRODUCTIVITY

- Optimised to speed-up a wide range of print, copy, scan and send document workflows
- User defined display configuration further enhances document processing efficiency
- Capable of high-volume, continuous prints in a variety of paper media
- Optional integrated inner sorter and finisher for paper sorting, eco stapling and manual stapling needs

USER EXPERIENCE

- Easy customisation of device display for streamlining every-day, repetitive tasks
- Advanced one-touch personalisation options, tailored to individual user needs
- Quick recovery from sleep mode allows for fast job turnaround time
- Opportunity to add messages and images as stand-by slides on the screen display
- Small footprint, fits easily within any office environment

SECURITY

- Featuring choice of device and cloud-based authentication options to reduce information leaks
- Multiple network security features preventing unauthorised firmware and applications modification
- Can be configured to conform to internally defined security policy
- Data privacy protection and data validation by PDF Encryption and added Digital Device Signature

CONNECTIVITY

- Smooth and simple linking through Wi-Fi, QR code or optional NFC enables various connection options
- Apple AirPrint and Mopria support allows for wireless printing from mobile devices without the need for printer driver
- Google Cloud support for printing via the Internet from anywhere, regardless of the operating system or device

- Canon's PRINT Business app adds further functions to printing and scanning from mobile devices

CONTROL AND MAINTENANCE

- e-Maintenance can improve uptime through remote diagnostics, automated meter readings and consumables monitoring
- Reduce administrative burden and associated operational costs
- Minimise waste by applying default print policies, such as double-sided printing, by department or individual user
- Compatibility with Canon's uniFLOW software solutions allows for tracking and reporting of print jobs

QUICK FACTS
